Light and sleek. Rated up to 265 lbs.

Reviewed in the United States on December 26, 2018

Color: black **Verified Purchase**

Light and sleek. Rated 265 lbs. We bought this and a H1 and so far like this one better. It is easier to handle with one handed lifting if you are strong as the middle is smaller. The charger is very similar to the H1. This is only a initial review.

So after a month the unit still works but the plastic hubs are showing some damage and some plastic peices are ratteling around inside. We havnt been gentle with it though ;).

Eric Helton

Great value, great experience so far

Reviewed in the United States on March 10, 2020

Color: pink **Verified Purchase**

I did allot of research on hoverboards. What I found was every single one has a few reviews of people saying their's was defective or did nothing but beep. Basically I took a leap of faith guided by my 6 year old daughter's simple request for pink. I have now had this Gyroor for a week and I am very happy with the purchase thus far. First, my daughter loves it and was zipping around all over the place in no time. The lights are bright and colorful. The app is easy to pair and use. I put it in child mode and limited the speed in minutes. It can support 220lbs according to the manual which should make it big brother survivable. Battery life has been excellent and the charge time of 2-3 hours is quicker than I expected. So far my only nit-pick would be I think the cosmetics of the plastic body could be scratched up and gouged pretty easily. But it does feel like a solid piece of machinery. That it comes with a bag is really nice. At this point I feel like I hit the sweet spot of not going too cheap while keeping the price reasonable for a 6 year old. I'll update in a couple months

Sa

Great quality

Reviewed in the United States on August 16, 2020

Color: black **Verified Purchase**

This is a very good quality and well made hoverboard. Right out of the box it was charged enough to test it and only thing I had to do is reset it once. It was difficult to get confidence to ride on it in the beginning but in an hour with practice my kids could ride it forward and backward and spin indoors. It self balanced which is great and if you go on high speed set in app then it beeps. Bluetooth connection is easy and speakers sound is awesome.

Charger has red and green light to know easily if it is charging. The bag also comes along with for carrying but it is heavy product for kids to carry. The lights on the wheels looks pretty in the night. I cannot comment too much on the battery life since we are pretty new at it but we charge is once a day and kids are using in indoors for good amount of time. That makes us all happy. I would recommend it to anyone.

Tatyanna Curtis

Best Christmas present ever!!!

Reviewed in the United States on January 7, 2019

Color: pink **Verified Purchase**

Bought this for my 11 yr old daughter for Christmas. She loves it. All her friends got one too and paid about the same price but hers is cooler than them all. The Bluetooth speaker works great and is very loud. She jumped on and became a pro in about 15 minutes.

Tina

Battery is not so good!

Reviewed in the United States on April 15, 2019

Color: black **Verified Purchase**

Battery didn't last more then 30 minutes. Got the item replaced and had the same problem. The company was quick to resolve thing but only refunded to amazon account not to original payment method. I should also mention when it stops working or dies unexpectedly it comes to a complete stop. Making the rider go flying!

Amazon Customer

GREAT PRODUCT, GREAT PRICE, FAST SHIPPING!

Reviewed in the United States on January 16, 2019

Color: pink **Verified Purchase**

Got this for my granddaughter for Christmas! After setting it up to her mother's phone, it took a couple of days and learning beside something to hold on to while getting the feel of things. (of course we had a few laughs at her dad's expense) She is now scooting around as well as she rides her bicycle. She is having a blast! The slower learning feature was perfect for her to use until she got the hang of riding it.

I Run This Zoo

Very nice quality and easy to use

Reviewed in the United States on September 18, 2019

Verified Purchase

The T851 Offroad seems to be a great board so far. It is well built and looks very nice. There are a few different safety features, but I really like being able to adjust the speed limit while learning. It's also pretty neat that the LEDs act as turn signals, that's a nice touch.

It has been very easy for my 13, 11, and 9 year old to use. After a couple of minutes you would think they are pros.

The offroad capabilities are very nice. My son has been driving through the yard both up and down hills and the grass & dirt don't seem to be any problem.

We were very surprised with the bluetooth speaker. It has a very nice rich sound to it and seems just as good of quality as the board itself.

Off-road capable

Reviewed in the United States on September 23, 2019

Verified Purchase

I am surprised how well this works off-road. My 6yo soon loves cruising all over the driveway as well as dirt trails around the house. He even rode around at a local park where the grass was very bumpy with gophers.

The app could use some work

Good but not 10mph

Reviewed in the United States on December 25, 2019

Verified Purchase

They are great but the info on amazon is incorrect. It says 10mph max speed. The manual that comes with it clearly states 7.5mph. That needs to be fixed. That is the main reason I bought this brand was for the speed as they are used for carts. They are slower than our other boards that have a max speed of 7.5.

RSE Venner

Powerful Off-road wheels are AWESOME!

Reviewed in the United States on May 7, 2020

Verified Purchase

I got 2 of these for my 2 boys - knowing they are typical boys who are active and hard on their toys. The hoverboard met and exceeded all our expectations. The app was easy to install and setup was a piece of cake. The 2 modes are useful - child mode and advanced mode...my youngest 7-year old took some time to get used to the speed and control in child mode - before moving up to the advanced mode, with higher speed. The LED lights were a big hit, especially as they could customize their own color. And of course having music playing out the hoverboard speaker was the cherry on top! The offroad wheels are where this hoverboard really shines - along with the strong wheel motors - the offer the biggest advantage over other hoverboards. This allows the wheels to grip and climb pavements and easily traverse grass lawns - and believe me when I say that my boys have thoroughly put them to the test! Compared to previous hoverboard experiences - the battery lasts longer, even when driven hard!

All in all, the hoverboard experience is so much better with this product and I highly recommend it - I'm planning on getting one for myself - after all I'm just a big kid in a grownup body!

Elshay

Awesome hoverboard, highly worth investing into!

Reviewed in the United States on March 29, 2020

Verified Purchase

Purchased this for my 8 yr old daughters birthday and im pretty happy with the investment. I bought and returned a couple of different hoverboards before settling on this one Because i wanted a good battery life and something adults can ride on as well as kids. This is such an awesome hoverboard, great battery life and it does very well on different terrains. customer service was really quick with responses too. overall extremely happy with the purchase and would highly recommend.

5 star Hoverboard !

Reviewed in the United States on December 16, 2019

Verified Purchase

After a long research I'm Very pleased with the choice of hoverboard:
Very stable (self balancing mode)
Useful app (you can control the speed and adult mode or children)
Great speakers
Strong lights (Important when it's dark outside)
Fun to ride

Xgate

Awesome!

Reviewed in the United States on June 2, 2020

Verified Purchase

This T581 is fantastic! Very nice build quality, came in a nice package and is clearly a well made product. Bought this for my daughter who just turned 8. Perfect size for her. In child mode she was able to get going in our living room in under 5 minutes and in 15 she seemed like a pro.

The app is not great but it is completely functional and connects (Bluetooth) without issue. Some reviewers seemed to have issues connecting but the app scans and lists all available Bluetooth devices - as long as you pick the gyroor unit it connects instantly.

This is a great starter hoverboard, with lots of room for her to grow with it. The app has a max speed setting that lets you nerf the thing so they can maintain control. Upping this limit will be sure to add to the enjoyment, and of course taking it out of child mode (so it no longer self-levels) will open a ton of new options.

Highly recommend this product!

Product Description

GYROOR T581 Hoverboard With Kart.

GYROOR Have Fun !

Gyroor T581 Hoverboard 6.5" Off Road All Terrain Hoverboards with Bluetooth Speaker&LED Lights Two-Wheel Self Balancing Hoverboard with Kart Seat Attachment.Not only bring you a unique driving experience, but also offer riders far more control and less injury risk than riding a hoverboard, which is much safer for kids.

Adjustable leg pedals lengths can suit rider from kid to adult. Lightly built but robust, they are agile and fast, Accelerate, brake and turn with full confidence.

EASY TO OPERATION

No professional skills required, control the turn, forward, backward, brake by the left and right hand. Quick Learning in 5 Mins.

SAFE HOVERBOARD SEAT

Do not worry kids falling from hover board, sitting and riding will be safer.

Powerful Motor

Powered by 300 watts powerful dual motors with solid shock absorber tires you can easily ride faster with more stability.

Bluetooth Speakers

Built-in Bluetooth speaker makes it easy to connect to a smartphone, allowing you to enjoy the music while riding and play your favorite tunes.

UL2272 Certified

The UL certified hoverboard meets UL2272 standards for quality charging and electrical performance.

slo-lane

Will make any kid very happy!! Everyone will want to ride the scooter!

Reviewed in the United States on August 10, 2019

Verified Purchase

Son and father loveeeee this hover board and scooter. After 30 seconds of understanding how the scooter controls work, my son was hooked. His father made him get off it so he can try it. Lol. They spent the entire weekend riding it. They rode through grass, a neighbors flower bed, and a little in the street. We can confirm the all-terrain. ;)

The scooter sits very very low to ground - we live outside the city and don't have a lot of sidewalks so I only allow my son to use it our driveway or through the yard.

The speaker is loud and clear - if I see my son riding, sometimes I pair it to my phone and put on some old school jams - drives my son crazy, lol.

Arrived defective

Reviewed in the United States on September 17, 2020

Verified Purchase

It seems to be good quality (heavy duty) product. Our came defective, we noticed it as soon we took it out of the box that it comes off in the middle. If you don't push it back, it completely comes off and splits in 2 halves, cables inside are visible. My 13 y/o son did test drive inside the house (it was his birthday gift), at first we weren't sure is it normal that it comes off like that (pic 1) or not because this is our first hoverboard. Next day this hoverboard stopped working on one side (last picture, one side is completely unresponsive), the other side beeps for few seconds and comes off as well. I just requested product replacement, I like this product but for \$300, I would like to get something that works and doesn't come already broken. We'll see what I'll get this time.

Out a board and our money

Reviewed in the United States on December 25, 2020

Verified Purchase

My son really enjoyed riding in this for a couple hours then the battery died. It won't charge. The company however has been fantastic so far with the offering to fix it. I will update when I get it fixed on the ease and completed work. He said it was extremely easy to ride and recommended it. Update they deleted their FB account which was our sole means of contact. They took our board promising to fix and return it then

0:00

nothing so we are out the board and the money. Very disheartening that people like this exist in business. I hope Amazon honors our purchase and contact details we've had with theme

Good product and great customer service!

Reviewed in the United States on August 14, 2019

Verified Purchase

Hoverboard is very solid, good built. Self balancing made it easy for my son to learn it quickly without losing balance.

Kart is awesome addition, makes it a totally different fun and easy ride.

Only downside is, straps are not strong enough and break easily. They helped replace them quickly. Thanks!

App needs some improvement. Overall very happy about the purchase!

Excellent customer service

Reviewed in the United States on October 19, 2020

Verified Purchase

10-19-2020; We purchased this as a gift for Christmas 2019. Our grandson loves it. Not long after, we had trouble with the charger. Gyroor service replaced it immediately.

Recently, it began to run in circles. I wrote Gyroor service on a weekend. They replied almost immediately with a simple recalibration fix that worked perfectly. Our only remaining issue is that the plastic seat is cracked. They told us that it was no longer covered under warranty, but that they would send a replacement seat at no charge.

I highly recommend this Gyroor product, and commend them for their excellent customer service.

Cooperative Company

Reviewed in the United States on September 26, 2019

Verified Purchase

This is a very reliable company. The hoverboard we ordered and kart work great together. The hoverboard charged quickly and and kart fit well on top. When I had questions the company always e-mailed me back within 12-16 hours. I really appreciated the prompt and friendly e-mailed responses. While I think the hoverboard moves too fast for me I think it's perfect for my husband and son!

BEST hoverboard!!

Reviewed in the United States on August 15, 2018

Color: black **Verified Purchase**

We got this for our 13 yr old daughter! We love the app you can download on your smartphone. The app has a self balancing mode, adult mode, you can set the speed limit, change LED lights, shut the hoverboard down and a few other functions. We think it is a lot better than the others because of the rubber tires. My daughter even brings it in (after cleaning the tires) and rides it around on our hardwood floors with no damage to them. The speakers on it are great too!!

Great Product

Reviewed in the United States on November 27, 2018
Color: black **Verified Purchase**

This was my first hover board wasn't sure how long it would take me to learn to ride it. After like 30 minutes of training on my own against a wall I was able to ride it with no problems.

The only thing I find bad about this hover board is that every time it starts up it makes a really loud starting indicator noise and says Bluetooth on which I wish I could switch off. Also sometimes when I get off and if it hits something it keeps beeping and won't stop until I power off and back on again.

Apart from these two things I think the hover board if pretty great.

Best Hoverboard on the market

Reviewed in the United States on September 12, 2018
Color: black **Verified Purchase**

This Hoverboard is absolutely the best on the market. Its fast and extremely sturdy. Made of quality materials. The Hoverboard is a bit pricey compared to the cheap plastic knockoffs, but you get what you pay for. Would purchase again and I definitely recommend this product.

P..s.

You can charge the battery from 0 to 100 real quick. Yeah under 3 hours and u get approx. 10 miles with a full charge.

Worth it!

Reviewed in the United States on August 3, 2018
Color: black **Verified Purchase**

Easy to use once you get the hang of it. Lights are awesome as is the sound system. Getting the app on an iPhone was a bit difficult. Self balancing feature nice. Functionality is bar none. Doesn't work too well on the grass, haven't tried on gravel. App works well, wish it could change to mph instead of kph.

Super fun!

Reviewed in the United States on August 9, 2018
Color: black **Verified Purchase**

Bought this because hubby was jealous of our boy's hover board. The higher weight capacity and off road tires are a huge selling point. Easier to ride than the smaller kid size, more stable feeling. Had an issue with the charging port but Gyroor took care of it no problem!

such a great hoverboard! very easy to ride even for a ...

Reviewed in the United States on July 10, 2018

Verified Purchase

such a great hoverboard! very easy to ride even for a first-time rider and my kids just got on and within minutes they were zipping around the house. Great quality, cool lights give it that futuristic look and it seems to hold a charge for a long time. The tires are massive which gives the board a really good height, comfortable ride, and even riding outside on lawn is no problem. Highly recommended!

Problems with Shaking and stopping

Reviewed in the United States on October 9, 2018

Verified Purchase

I bought 2 of these hover boards for Christmas during the Amazon customer appreciation event in July. In October the kids just couldn't wait any longer so I gave them their boards early while the weather was still nice. They loved them! However within a few hours of using them, one of the boards was shaking and stopping. My grandson has fallen off twice and injured himself because of this defect. I would love to give this 5 stars because it is well made and the kids love them. But the shaking and stopping is not safe and negates any Positive benefits. We have tried to contact seller but not successful yet.

Built tough with a smooth ride

Reviewed in the United States on December 7, 2018

Color: black **Verified Purchase**

Heavy duty built with a smooth ride. I bought for my my 10 year old and she loves it. The parents love it too. I love that it comes with it's own totes bag!
